

Sea Swift Boats

Sea Swift 340

WHY SEA SWIFT?

We set the standard for quality, style and affordability.

VERSATILITY

Whether you're looking for family fun or high speed performance, from novice or experienced, there's a Sea Swift that's perfect for you. From a nippy little RIB to exciting hard boats, the quality and value are obvious.

AFFORDABILITY

We specialise in the sale and brokerage of quality boats, RIBs and inflatables at affordable prices. Our fully configured craft meet the needs of today's boating enthusiasts.

QUALITY

Advanced hull designs, and quality UK manufacturing techniques deliver high performance and stability.

Introducing the Seaswift 340. This boat has been developed over many years culminating in a robust, fun and dependable craft that is ideally suited to many scenarios.

The Seaswift 340 is a unique boat that handles the rough conditions with ease. It is very stable, both during running and at rest. Due to the tri-hull, (or triple hull configuration), the craft handles the choppy water extremely well. The ride is soft and dry. During testing using a 15 HP outboard in half a meter of chop, the boat exceeded speeds

of 25 knots. Even at this speed, the Seaswift 340 does not bang when hitting the waves. At full throttle, this boat can easily make a hard turn with little roll.

The floor has a fiberglass non slip deck tread. Gunwale rubber surrounds the perimeter of the deck and hull joint, for protection of the boat when moored up to a pontoon or other boats. The bow has an anchor well, with enough room to store 100 meters of rope plus an anchor and chain.

Sea Swift Boats

Features and Benefits

TECHNICAL SPECS

LOA	3.40 m
Beam	1.57 m
Weight	102 Kg
Material	GRP/timber reinforcements
Weight limit	380 Kg
Maximum Engine	15 Hp
