

3D Tender RIBs

X-Pro Defender Range

WHY 3D Tender?

We set the standard for quality, style and affordability.

VERSATILITY

Whether you are looking for family fun, a high speed RIB a work boat or a lightweight tender, 3D Tender has a boat for you. So many applications with so many options, we assure you of top quality service throughout your purchase and throughout the ownership of your boat.

AFFORDABILITY

Value for money has built the 3D tender brand in Europe and we will continue with that ethos in the UK, we are sure you will not find a better value craft anywhere in the UK.

QUALITY

Advanced designs, top quality materials, new models arriving every year, state of the art CAD design and build with a warrantee to back it up

445cm – 590cm, this range of Rigid inflatable boats has a model for everyone. Stylish colour scheme and an exceptional hull design mean that you will look good and feel good on the water. Our deep V hull will smooth out the chop and the stability offered by the high set tubing will keep you feeling safe even in more difficult conditions. These RIBs are very versatile and are being used today across Europe as Dive boats, support boats, rescue craft, regatta support, fishing, skiing, toys, cruising, navy training craft, RYA training boats and a typical family

pleasure boat. A 50hp four stroke engine will push you through the water at 30 knots, so you can still enjoy great performance whilst running an economical engine, an important advantage when todays fuel costs are taken into account.

All our Defender Ribs are supplied as standard with full console including forward facing seat, drivers bolster, HD over all winter/storage cover a pump and set of oars, they are all supplied with professional grade 1600DTEX PVC tubes and ORCA Hypalon is an optional extra

3D Tender RIBs
